Model JAJ-600R Jet-Away

Jet-Away Model JAJ-600R - The All-New, All-Terrain Easement Machine That Lets You Get The Power of Jet Cleaning Where Its Never Gone Before!

The Jet-Away Easement Machine is self-propelled and easy to operate. Remote job sites are easy to access, no more dragging of sewer hose which can cause back injuries and destroy property. Let the Jet-Away do the work. The Jet-Away is only 34" wide and can squeeze through narrow gates, drive over rough, uneven and hilly terrain and traverse through mud and swamp areas.

Features

- Gas or Diesel Engine
- Four Wheel Drive System
- 360 Degree Turning Radius
- Removable Hose Reel
- "Rotating / Articulating" Hose Reel
- Hydraulic Drive Variable Speed
- Forward / Neutral / Reverse Hose Reel Controls

Options

- Hydraulic Dump Box
- Dual Wheels and Rims
- Footage Counter
- Electric Hoist
- Outriggers
- Hydraulic Root Cutter
- Crawler Tracks
- Transport Trailer

Transport Trailer

The Jet-Away is available with a "Transport Trailer" which allows for movement of Jet-Away to and from the job site. Transport Trailer is heavy duty steel construction with a single axle, fenders, ball or pintle hitch, safety chains, I.C.C. lighting

and a fold-down access ramp. Other available items include electric or hydraulic brakes and tongue mounted tool box.

Hydraulic Dump Box

The Jet-Away "Hose Reel" can be easily removed by an operator (without any tools) - this allows for mounting of the Hydraulic Dump Box. This Dump Box can be used for any type of material movement. A hydraulic cylinder raises and lowers the box. The "Electric Hoist" feature allows the operator to raise and lower manhole covers and remove material from a manhole without the risk of costly back injuries.

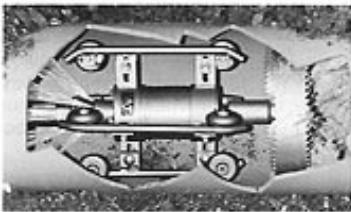

Accessories

- [Patriot Root Cutter](#) - THE "Must Own" accessory for all jetting equipment
- High Pressure [Nozzles](#) - A wide range of high pressure cleaning nozzles are available
- See our [Parts & Accessories](#) section for a wide variety of parts and tools available for the JAJ-600R
