Model JAJ-600TH

Model JAJ-600TH

Our Best Selling Easement Machine Is Now Available With Water Jet Propelled Camera and Patent-Pending Umbilical Cord™

The New JAJ-600TH is the most capable and versatile easement machine available today. The track system will take you in to adverse conditions that you never thought you could reach. The standard auxiliary tool circuit lets you add a variety of hydraulic work tools to make this unit more than just a sewer cleaner. All in a unit that will even fit through a 36" gate.

Features

- Gas or Diesel Engine
- Four Wheel Drive System
- 360 Degree Turning Radius
- Removable Hose Reel
- "Rotating / Articulating" Hose Reel
- Hydraulic Drive Variable Speed
- Forward / Neutral / Reverse Hose Reel Controls

Options

- Hydraulic Dump Box
- Dual Wheels and Rims
- Footage Counter
- Electric Hoist
- Outriggers
- Hydraulic Root Cutter
- Crawler Tracks
- Transport Trailer
